Happy New Year and welcome to the January 2010 edition of the Radio HF Internet Newsletter, the beginning of the 12th year of this publication. I hope that you all had a great holiday season. If you're like me, you've probably already broken some of your New Year's resolutions. Mine for instance was to try to get the Newsletter out by no later than the 5th of each month. A quick check of the calendar will prove that the resolution didn't last long! It's been a busy few weeks, particularly due to participating in no less than 4 different Christmas Bird Counts this year. So, we kick off the New Year a few days late but, better late than never!

And maybe, just maybe, your resolution was to make the effort to send along a few links to me for the Newsletter throughout the year! It would certainly be appreciated.

Last month I tried inserting a couple of YouTube video links into the Newsletter and asked you to let me know if they caused any problems. Seeing as no one responded I'll take that to mean that they worked out fine. So, from time to time, I'll add in a few more along the way.

Returning this month will be the listings of the upcoming events in the Hamfest/Fleamarket Zone. Unfortunately, due to the hundreds of events held throughout North America, I have chosen to only list those events held in Canada. Listings of events in the U.S. for example may be found in QST Magazine and on various webpages on the Internet.

Our Monthly Special Zone features just a couple of sites for January. It seems like January is a somewhat dull month. We have features on Martin Luther King Jr. Day and Robbie Burns Day.

Our virtual voyage around the world, in the "Where in the World Zone", takes us to a group of islands in the Indian Ocean, The Maldives. The Maldives or Maldive Islands, officially Republic of Maldives, is an island country in the Indian Ocean formed by a double chain of twenty-six atolls stretching in a north-south direction off India's Lakshadweep islands, between Minicoy Island and Chagos Archipelago. It stands in the Laccadive Sea, about seven hundred kilometres (435 mi) south-west of Sri Lanka. The atolls of Maldives encompass a territory spread over roughly 90,000 square kilometres.

So let's kick off Volume 12 of the Newsletter. Enjoy!

THE CONTRIBUTORS ZONE

Thank you to this month's contributors

David Hamilton, Ken Baird, SW Bulletin and Glenn Hauser's DXLD
Richard Cuff, Allentown, Pennsylvania
Daniel Gillet, Winnipeg, Manitoba
Sheldon Harvey, Greenfield Park, Quebec
Horacio Nigro, Montevideo, Uruguay via Glenn Hauser's DXLD
Eric Wolfe, Lebanon, Pennsylvania

THE MONTHLY SPECIAL ZONE

MARTIN LUTHER KING JR. DAY

http://www.mlkday.gov/

On January, 18, 2010, people of all ages and backgrounds will come together to improve lives, bridge social barriers, and move our nation closer to the "Beloved Community" that Dr. King envisioned. Dr. Martin Luther King devoted his life's work to causes of equality and social justice. He taught that through non-violence and service to one another, problems such as hunger and homelessness, prejudice and discrimination can be overcome. Dr. King's teachings can continue to guide us in addressing our nation's most pressing needs---poverty, economic insecurity, job loss and education.

ROBBIE BURNS DAY

http://en.wikipedia.org/wiki/Robbie_burns

Robert Burns (25 January 1759 21 July 1796) (also known as Rabbie Burns, Scotland's favourite son, the Ploughman Poet, the Bard of Ayrshire and in Scotland as simply The Bard was a Scottish poet and a lyricist. He is widely regarded as the national poet of Scotland, and is celebrated worldwide. He is the best known of the poets who have written in the Scots language, although much of his writing is also in English and a "light" Scots dialect, accessible to an audience beyond Scotland. He also wrote in standard English, and in these pieces, his political or civil commentary is often at its most blunt.

THE JANUARY ZONE

Each month we feature the monthly page from Wikipedia, the free, on-line encyclopaedia. The page features an overview of the month, plus background and general information on the month itself. The actual monthly calendar, clickable day by day, gives a list of special events in history, famous birthdays, anniversaries, etc. for each day. Here is the link for the month of January.

http://en.wikipedia.org/wiki/January

Also, here are some special days and events in January.

THE RADIO ZONE

23RD ANNUAL WINTER SWL FESTIVAL

http://www.swlfest.com

VIA Richard Cuff, Allentown, Pennsylvania

The Winterfest is proud to announce their new webpage. The Winter SWL Fest is a conference of radio hobbyists of all stripes, from DC to daylight. Every year scores of hobbyists descend on Kulpsville, Pennsylvania, just outside Philadelphia, for a weekend of camaraderie. The Fest is sponsored by NASWA, the North American Shortwave Association, but it covers much more than just shortwave; mediumwave (AM), scanning, satellite TV, and pirate broadcasting are among the other topics that the Fest covers. You're sure to find a welcome from your fellow hobbyists. This year's event will be held on March 5 and 6.

QUICK & EASY MW FREQUENCY LIST FOR NORTH AMERICA, ALASKA TO MEXICO

http://www.mwlist.org/mwlist_quick_and_easy.php?area=3

Via David Hamilton, Ken Baird, SW Bulletin and Glenn Hauser's DXLD

This web page is just another view of the content of www.mwlist.org, a unique database of worldwide radio stations on longwave, mediumwave and shortwave. It is a non-commercial and hobby project and open for everyone to contribute and use. We understand that maintaining the database is time-consuming for a single person, but may be practical for a team of dedicated users from all over the world. We are inviting everyone interested to join and to make this database a useful tool for all DXers and radio enthusiasts.

RADIO 2020

http://radio2020.wordpress.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

Radio 2020 is a cooperative effort between the National Association of Broadcasters (NAB), the Radio Advertising Bureau (RAB), and the HD Digital Radio Alliance. The goal of the group is to guide radio into a bright, new digital future. The Radio 2020 Blog is intended as a news blog with the purpose of collecting, analyzing, and presenting news stories related to the future of radio. The blog is maintained by blogmaster George Williams of SocialGumbo, LLC, an online communications firm.

RADIO DOG HOUSE

http://radiodogs.lefora.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

This is not your average radio related forum. There are no ratings breakouts, no ownership change notices, no research reports, no programming tips, no pink slip bulletins, no classifieds no whining and crying and no bathroom. This is The Radio Dog House. This is where Radio Dogs from everywhere are welcome to bask on the front porch and shed radio stories. We are non-denominational, it's okay to say Merry Christmas and you don't have to press 2 for English. From radio people, to radio people, about radio people.

TV NEWS CHECK

http://www.tvnewscheck.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

We believe in TV broadcastingfree, universal, over-the-air broadcasting, where TV got its start and which still offers hertz-for-hertz the best TV programming and public service around. It is our privilege to serve the thousands of individuals who make it happen. From 8 a.m. to 8 p.m. ET, every working day, we deliver news and information for station owners, managers, account executives, programmers, engineers, technicians, anchors, reporters and producers. Like any good newspaper, we closely follow the goings on within our community of TV stations. But we also keep an eye on Washington, the broadcast networks, the advertising marketplace, hardware vendors andthis may be most importantcorporate headquarters. And we cover cable, satellite, the Internet and other media, but only because they have an impact on broadcasting. Our focus is always on the TV station.

DAVE"S RADIO RECEIVER PAGE

http://n9ewo.angelfire.com/

VIA Daniel Gillet, Winnipeg, Manitoba

This is Dave Zantow's page of experiences and or comments about "Radio Receivers", as well as other gizmos that he uses in his radio monitoring / recording ventures, focusing mainly the "Shortwave" part of the radio spectrum. A few other radio related items have been thrown in, including amateur radio equipment reviews and views that may not be directly related.

REGINALD AUBREY FESSENDEN

http://www.fessenden.ca/

VIA Eric Wolfe, Lebanon, Pennsylvania

Welcome to the world's most viewed site on the man credited, in most circles, with creating radio as we know it. On December 24, 1906 Fessenden transmitted the first voice over radio. This page is dedicated to the inventor and the "father" of radio broadcasting.

RADIO H.F. PUBLICITY ZONE #2

MFJ-259B SWR ANALYZER

The world's most popular SWR analyzer is so easy to use. The MFJ-259B SWR analyzer features a built-in 10 digit high-contrast LCD frequency counter. Reading your antennas SWR and finding its resonance has never been easier. All you do is connect your antenna, set your SWR analyzer to the frequency you want and read your SWR. MFJ-259B gives you a complete picture of your antenna's performance. You can read antenna SWR and Complex Impedance 1.8 to 170 MHz. Read Complex Impedance as series resistance and reactance (R+jX) or as magnitude (Z) and phase (degrees). You can determine velocity factor, coax cable loss in dB, length of coax and distance to a short or open in feet. You can read SWR, return loss and reflection coefficient at any frequency simultaneously at a single glance. Also read inductance in UH and capacitance in pF at RF frequencies. The large easy-to-read two line LCD screen and side-by-side meters clearly display your information. The built-in frequency counter, Ni-Cad charger circuit, battery saver, low battery warning and smooth re-duction drive tuning and much more. The MFJ-259B is easy to use! Just set the bandswitch and tune the dial -- just like you transceiver. SWR and complex Impedance are displayed instantly! The MFJ-259B is a complete ham radio test station including -- frequency counter, RF signal generator, SWR Analyzer, RF resistance and Reactance Analyzer, Coax Analyzer, Capacitance and Inductance Meter and more!

For more details on the MFJ-259B, please visit the following webpage
http://www.mfjenterprises.com/Product.php?productid=MFJ-259B

Please contact Radio HF for pricing and availability of any MFJ's huge catalog of products.

THE GENERAL ZONE

DIGITAL HOME

http://www.digitalhome.ca/

VIA Sheldon Harvey, Greenfield Park, Quebec

Digital Home is Canada's premiere convergence website in Canada discussing the latest in Consumer electronics. With exclusive Canadian content and readership, Digital Home is a destination location for Canadian new technology adopters to learn about current trends and share their experiences with today's home electronics. Be sure to type "radio" in to the search box to find a wealth of articles and discussion groups on various aspects of radio. Note that you'll need to open up your own free account on Digital Home if you wish to post to any of the ongoing discussion boards.

RED FERRET

http://www.redferret.net/

VIA Sheldon Harvey, Greenfield Park, Quebec

The Red Ferret was launched in March 2000 as the world's first eclectic tech blog, covering gadgets, software, cool sites and tech trivia in a fun and offbeat way. You won't find coverage of every single MP3 player or mobile phone launch listed here, but you will be able to read about important, unusual or downright bizarre technologies and products from around the world and beyond. We pride ourselves on two things: a) giving early warning on potentially important new technologies and trends and b) on digging out the weirdest, silliest and most arcane news from around the world.

VINTAGE AD BROWSER

http://www.vintageadbrowser.com/

VIA Horacio Nigro, Montevideo, Uruguay via Glenn Hauser's DXLD

Vintage Ad Browser was created in 2009/2010 and released in 2010, by Philipp Lenssen from Germany, currently living in China. This site aims to collect vintage ads from a variety of sources, including comic books, CD-Roms, websites, APIs, your submissions, book, magazine & comic book scans, and more. At the moment, this site contains 123,311 ads. Be sure to type "radio" into the search to see 2,452 vintage radio ads.

COLD CASE CENTRE

http://www.coldcasecenter.com/

VIA Sheldon Harvey, Greenfield Park, Quebec

There are thousands of police investigations that have run into dead ends. These investigations end up in files called "cold cases". They have inspired a current popular TV series on CBS. Today the authorities have begun using the power and reach of the Internet to help to find leads to solving these cases. This is the website of the National Center for Cold Cases.

CANADIAN BOREAL INITIATIVE

http://www.borealcanada.ca/

VIA Sheldon Harvey, Greenfield Park, Quebec

The Canadian Boreal Initiative (CBI) is a national convener for conservation in Canada's Boreal Forest. We work with conservation organizations, First Nations, industry and other interested parties including members of the Boreal Leadership Council to link science, policy and conservation solutions across Canada's Boreal Forest.

RADIO H.F. PUBLICITY ZONE #3

What is new in books & publications from the American Radio Relay League, the Radio Society of Great Britain, and other publishers?

The ARRL Antenna Designer's Notebook - An Exploration of the Art of Antenna Design - By Brian Cake, KF2YN

A Rarely Presented View of Antenna Design-From Imagination to Aluminum - The ARRL Antenna Designer's Notebook is certain to open a window into the mind of the antenna designer as the design is imagined, perfected, and finally constructed. This book provides a thorough description of new components of antennassuch as the FZ element and the C-poleand practical antennas made from them. Explore the details of an improved tunable HF loop, theoretical analyses of linear loading and ground losses, and practical designs for beams and omnidirectional antennas. CD-ROM included with EZNEC models for all the antennas in the book plus a bonus presentation on Boxkite Yagi antennas.

RADIO HF GIFT CERTIFICATES

Gift certificates are a great idea if you're not sure what that special person is looking for. Radio HF is offering gift certificates available in any denomination. Please contact Radio HF for details.

RADIO H.F. NATURE BOOKS DIVISION

The Radio H.F. Nature Division offers hundreds of specialty books in the fields of birding, animals, plants, etc. A complete listing of the titles is available on the new Radio H.F. web page at http://www.radiohf.ca. Simply click on the Canada goose!

THE RESOURCES ZONE

The following is a listing of clubs, groups, radio broadcasts and other resources that may be of interest to you.

THE CANADIAN INTERNATIONAL DX CLUB (CIDX)

CIDX is Canada's national radio monitoring club, serving radio hobbyists since 1962. Our monthly newsletter, MESSENGER, now published electronically, covers all aspects of the radio monitoring hobby.

SPECIAL OFFER: To all Radio HF Internet Newsletter subscribers, a FREE sample of our monthly CIDX electronic newsletter, MESSENGER, (in .PDF format) is available to you for the asking. Just send along an e-mail to cidxclub@..., with a valid return e-mail address and you'll receive your copy by return e-mail. Our January edition, an amazing 94 pages, is now available. Membership, at the low cost of $10 per year, is open to radio hobbyists worldwide.

Please visit the CIDX web page at http://www.cidx.ca

PRIME TIME SHORTWAVE

Prime Time Shortwave is a listing of English shortwave broadcast that are updated on a weekly basis by webmasters Daniel Sampson and Ernest Riley. The schedules are constantly updated from various print and internet sources as well as from monitoring by the webmaster and other shortwave listeners and DXers. The shortwave schedules are available by time, country and frequency format. Also, they are available in ASCII, DBase, Excel and PalmOS formats (Dan Lyddy creates the PalmOS file). You will also find links to some of the best radio related websites and to the international broadcasters and time conversion charts (some provided by Craig Braun). Please visit the Prime Time Shortwave webpage at

http://www.primetimeshortwave.com/

THE INTERNATIONAL RADIO REPORT

The International Radio Report, now in its 22nd year on CKUT-FM, 90.3 FM in Montreal, is available via the Internet live streaming, and on the airwaves of CKUT, Sunday mornings at 10:30 AM Eastern (1530 UTC). The show's co-hosts, Janice and Steve Karlock, present a weekly half-hour of news, information and developments in radio broadcasting.
SPECIAL NOTE: Janice will be working overseas until October 2010. Sheldon Harvey, the creator of this programme 22 years ago, will be sitting in a guest co-host during her absence.

Visit the CKUT web page for full CKUT programming details.

http://www.ckut.ca

You may listen to archived editions of the programme through the CKUT web site. Send your comments or questions to the International Radio Report, by e-mail, to radioreport@...

RADIO CANADA INTERNATIONAL

RCI's new schedules for the B09 broadcast season (25 October 2009 to 28 March 2010) have been posted on the "Schedules and Frequencies" page of the RCI website at the following address:

http://www.rcinet.ca/rci/en/horaires.shtml

You will find not only our shortwave broadcast schedules, but also the schedules for our three, 24-hour per day satellite channels on the HotBird satellite (Europe/North Africa/Middle East), and for the RCI Plus channel on Sirius Satellite Radio. Stay in touch with Canada via Radio Canada International.

That is all for this month. Radio H.F. is a mail order, telephone and on line business, with great products, great prices, and personalized service, serving the radio community since 1995. Be sure to visit the Radio H.F. web site at
